Feedback from schools involved

"We used the Bunny Hop as an opportunity for every class to do something different in PE, which the children absolutely loved. It was a great way to encourage teamwork, movement, and fun across the whole school.

Just as importantly, it gave us the chance to talk to the children about giving back to the community. Knowing that so many children in Middlesbrough are affected by domestic abuse made this fundraiser especially meaningful, and the children were proud to be part of something that helps others."

"The children had a wonderful time, and the excitement across the school when the Easter Bunny came to visit for Assembly was truly magical.

Being able to choose our own activities meant each class teacher could select something that fitted naturally into their existing plans, causing minimal disruption to timetables. This also ensured that every child was able to take part and enjoy the experience."

"We loved doing the Bunny Hop because it was fun and different to normal PE. It made us feel happy knowing we were helping other children who might be having a hard time.

We liked being part of something important."
